

# GETTING AHEAD

Start to develop skills that are relevant to your course before you join HSDC this September!

## Engineering – BTEC Level 2 Extended Certificate

This work will enable you to familiarise yourself with the types of investigations you'll be carrying out whilst studying Engineering at HSDC.

### Activity

- Identify two products that have been designed to meet the same need e.g. two chairs, lights, PC mice, headphones / earphones, items of sports equipment, etc.
- In order for you to gain a better understanding of these products, use, test, measure, weigh them, undertake online or company research and note your findings in this table below:

	Product 1	Product 2
Function / Purpose		
Performance		
Size / Mass		
Materials / Components		
Style / Image / Appearance		
Quality / Reliability / Durability		
Similarities / Differences		

- Include specification pictures in your findings.

**We look forward to seeing you in September!**
